

# FIRST OUT RESCUE EXTRICATION COLLEGE

SAVING LIVES THROUGH TRAINING, EDUCATION & INNOVATION

First Out Rescue is a recognized leader in Auto Extrication and Rescue training. Our instructors have diverse backgrounds in the emergency services; including career and volunteer Fire/Rescue and EMS agencies. All of our instructors are recognized experts in the field of auto extrication & vehicle rescue and "use what they teach" in their home Fire Departments and Rescue Squads to save lives every day.

First Out Rescue Equipment - 100 Ensminger Road - Tonawanda, NY 14150

Since no two departments are the same, we will work with you to custom tailor a training program that is specific to your agency's needs using the equipment you already have on your apparatus. All of our Extrication College training programs follow NFPA 1670 and NFPA 1006 Technical Rescuer Standards.

**Some of the MANY topics covered in our programs:**

- New Vehicle Construction with High Strength Steel
- Alternative Fuel Vehicle Hazards for the Rescuer
- Vehicle Air Bag Locations, Operation and Hazards
- Scene Safety, Scene Size-up & Hazard Recognition
- Initial Rescue Operations
- Vehicle Stabilization: Struts, Cribbing and Other Methods
- Hand Tools: Air Chisel, Sawzal, Glass Saw & Other Tools
- Hydraulic Rescue Tool Techniques
- Air Lifting Bags: Low Pressure and High Pressure
- Big Truck Rescue: Specialized Rescue for Large Vehicles

**Half day, full day or multiple day training programs are available:**

- 1/2 day program (4 hour) - Classroom and hands-on evolutions
- 1/2 day program (4 hour) - Hands-on evolutions only
- Full Day program (8 hour) - Classroom and hands-on evolutions
- Full Day program (8 hour) - Hands-on evolutions only
- Multiple Day – Typically a combination of classroom and hands-on practical sessions

If you have something special, specific or different in mind we will be happy to work with you to develop a training program that meets your needs and exceeds your expectations!
