SOLUTIONS IN METAL

The D2 Escape Descender is a new & innovative 'double-stop' Descender. The ISC engineers developed a new handle operated cam-system specifically so that in a panic situation the D2 Descender would actually stop the descent, rather than just slow it down- the D2 Descender is the only Micro-Descender in the world to offer this function. The D2 is CE tested to 120m maximum descent.

<b>Weight</b>	292g (10.3oz)
<b>Rated Load</b>	100kg (220lbs)
<b>Rope Size</b>	8mm (5/16")
<b>Body Material</b>	Aluminium
<b>Finish</b>	Anodised
<b>MBS</b>	13.5kN (3035lbf)
<b>Standards</b>	EN12841, NFPA 1983
